

Epping Methodist Church

119 High Street, Epping. CM16 4BD

Mission Statement

January 2018

Being the people of God...

Epping Methodist Church is a committed, caring church who value our fellowship and the opportunity to gather for worship.

- Through our Sunday Worship, **we seek to engage with God.**
- Through our Midweek Meetings and Saturday Coffee Mornings **we seek to engage with our local community.**

Our Vision is that these aspects of our church life will grow and become entwined.

Improving our building...

The Church Sanctuary was renovated and reordered in 2013 with the introduction of comfortable chairs and carpeting creating a warm and inviting space in which to pray, worship and meet.

Unfortunately entrance to the Church, currently via a set of steep steps, limits access for those with reduced mobility.

- To address this problem, in early 2018 we are having a **sloped access ramp** built.
- This will greatly improve access to our Worship Area for the congregation and the wider community and enable us to better comply with accessibility legislation.

In the future, we hope to **raise the floor level** our Kitchen, Small Hall and Side Entrance, which will bring the floor levels throughout the ground floor to the same level, allowing full access for all user including those with reduced mobility.

We will then **modernise our Kitchen**, bring our building fully up-to-date.

Our Vision is that our buildings are accessible and modernised making them fully usable by both the Church and local Community.
